Williamsville Nursery,

DAVID LONG, PROPRIETOR.

Price List for Spring of 1871.

Our stock of Fruit Trees for this season is larger, and in quality far superior to any we have had heretofore. We would respectfully invite the public to call and examine for themselves. When goods are shipped, the packing is superintended by us personally, and therefore is done in a superior manner; charges only made for boxes. To parties unknown to us, goods will be sent, on receipt of draft, cash in advance, or by Express C. O. D. Specific directions should be given by which route you want your goods sent; if not given, we will use our best judgment, and not be responsible for goods after put into the shipper's hands. All claims for dissatisfaction must be made within ten days after receipt of goods, and we will cheerfully rectify them.

Choice of varieties will be left to purchasers as far as practicable, but to some extent must be left to us.
